Where a customer requests temporary discontinuance of service or when the District disconnects a customer for failure to pay delinquent utility service bills or other violations of these Rules and Regulations, the customer shall pay a service disconnect charge. During a discontinuance of service, District base facility charges shall continue to accrue to the customer and the premises. When service is to be restored at the same premises, the customer, or its successor or assign (including by foreclosure or other legal process), will pay to the District all outstanding utility service bills for the premises, including the accrued base facility charge for each billing period during which service was discontinued, together with a reconnection of service charge and other applicable penalties. All prior utility service charges and all other obligations owing to the District related to service to the premises shall be paid by the owner of the premises before service will be restored.
