INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors
Bay Laurel Center Community Development District
Marion County, Florida

Report on the Financial Statements

We have audited the accompanying basic financial statements of Bay Laurel Center Community Development District, Marion County, Florida ("District") as of and for the fiscal year ended September 30, 2019, and the related notes to the financial statements, which comprises the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the District as of September 30, 2019, and the respective changes in financial position and cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 1, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Bay Laurel Center Community Development District, Marion County, Florida ("District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2019. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets plus deferred outflows of resources of the District exceeded its liabilities at the close of the fiscal year ended September 30, 2019 by \$33,328,709, an increase of \$5,716,452 in comparison with the prior fiscal year.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as the introduction to the District's financial statements. The District's basic financial statements are comprised of the government-wide financial statements and notes to the financial statements.

Basic Financial Statements

The basic financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The basic financial statements report on the function of the District that is principally supported by user fees and charges.

The statement of net position presents information on all the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the residual amount being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of revenues, expenses and changes in net position presents information showing how the government's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Proprietary Funds

The District maintains one type of proprietary fund: an enterprise fund. An enterprise fund is used to account for the operations of the water and sewer utility facilities within the District.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

BASIC FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets plus deferred outflows of resources exceeded liabilities at the close of the fiscal year ended September 30, 2019.

BASIC FINANCIAL ANALYSIS (Continued)

Key components of the District's net position are reflected in the following table:

NET POSITION		
SEPTEMBER 30,		
	2019	2018
Current Assets	\$ 24,212,740	\$ 5,994,465
Noncurrent Assets	41,819,743	55,223,268
Total assets	66,032,483	61,217,733
Deferred outflows of resources	20,969	-
Current liabilities	1,591,521	1,620,091
Long-term liabilities	31,133,222	31,985,385
Total liabilities	32,724,743	33,605,476
Net Position		
Net investment in capital assets	9,983,346	8,220,057
Restricted	17,346,429	14,147,071
Unrestricted	5,998,934	5,245,129
Total net position	\$ 33,328,709	\$ 27,612,257

Key elements of the change in net position are reflected in the following table:

CHANGES IN NET POSITION		
FOR THE FISCAL YEAR ENDED SEPTEMBER 30,		
	2019	2018
Operating revenues	\$ 11,797,853	\$ 10,845,091
Operating expenses:		
Administrative and general	100,196	93,672
Cost of sales and services	4,970,851	4,750,681
Depreciation and amortization	1,275,915	1,156,938
Total operating expenses	6,346,962	6,001,291
Operating Income	5,450,891	4,843,800
Non-operating:		
Interest income	70,429	50,231
Gain on retirement of fixed asset	433	-
Interest expense	(1,421,000)	(1,447,700)
Total non-operating	(1,350,138)	(1,397,469)
Capital contributions	1,615,699	3,416,801
Change in net position	5,716,452	6,863,132
Total net position - beginning	27,612,257	20,749,125
Total net position - ending	\$ 33,328,709	\$ 27,612,257

Business-type activities reflect the operations of the water and sewer facilities within the District. The cost of operations is covered primarily by charges to customers. The increase in operating revenues is primarily the result of increased connections to the utility system leading to increases in capacity and usage charges. Operating expenses increased as a result of serving more customers and increase in depreciation for additional assets.

Capital Assets

The District reported net capital assets of \$41,819,743 for its business-type activities. More detailed information about the District's capital assets is presented in the notes of the financial statements.

Capital Debt

At September 30, 2019, the District had \$32,375,000 in Bonds outstanding for its business-type activities. More detailed information about the District's capital debt is presented in the notes of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND OTHER EVENTS

The District does not anticipate any major projects or significant changes to its infrastructure maintenance program for the subsequent fiscal year. In addition, it is anticipated that the general operations of the District will remain fairly constant. For the utility operations, it is anticipated that any future growth would come primarily from residential development. The District is continuing to work with the engineer to consider future anticipated capacity requirements for available real property.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. If you have questions about this report or need additional financial information, contact the Bay Laurel Center Community Development District's Finance Department at 219 East Livingston Street, Orlando, FL 32801.

**BAY LAUREL CENTER COMMUNITY DEVELOPMENT DISTRICT
MARION COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY

Bay Laurel Center Community Development District ("the District") was created on May 7, 2002 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes, by Marion County Ordinance 02-11. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the planning, maintenance and operation of a water and wastewater system within the District in accordance with powers established by Florida Statute Chapter 190.

The District is governed by the Board of Supervisors ("the District") which is composed of five members. The Supervisors are elected on an at large basis by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes. Certain District members are affiliated with On Top of the World Communities, Inc. (the "Developer") at September 30, 2019.

The District has the final responsibility for:

1. Assessing and levying maintenance taxes and special assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards District ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the Board of Supervisors is considered to be financially accountable and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The District reports all of its activities and functions in a single enterprise fund. The enterprise fund is used to account for the operation of a water and wastewater utility system. The costs of providing services are recovered primarily through user charges.

Enterprise funds are proprietary funds. The measurement focus is based upon determination of net position, financial position and changes in cash flow. The generally accepted accounting principles used are those applicable to similar businesses in the private sector, thus, these funds are maintained on the accrual basis of accounting. Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) when the governing body has decided that periodic determination of net income is appropriate for capital maintenance, public management control, accountability, or other purposes. Revenues are recognized when earned and expenses are recognized when incurred. All assets and liabilities (whether current or noncurrent) associated with an activity are included in the statement of net position. The reported net position are segregated into invested in capital assets net of related debt, restricted and unrestricted assets.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's enterprise fund are charges to customers for sales and services. Operating expenses of the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

Assets, Liabilities and Net Position or Equity

Restricted Assets

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand and demand deposits.

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due.

The District records all interest revenue related to investment activities in the respective funds. Investments are measured at amortized cost or reported at fair value as required by generally accepted accounting principles.

Inventories and Prepaid Items

Inventories represent meter supply carried at historical cost determined on a first-in, first-out basis.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets

Property and equipment are stated at cost. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Position or Equity (Continued)

Capital Assets (Continued)

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Water and wastewater facilities	50
Machinery and equipment	3 - 10
Infrastructure	3 - 44

Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

Long-Term Obligations

In the basic financial statements, long-term debt and other long-term obligations are reported as liabilities statement of net position. Bond premiums and discounts are deferred and amortized over the life of the Bonds using the straight-line method. Bonds are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Net Position

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

Other Disclosures

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – DEPOSITS AND INVESTMENTS

Deposits

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments

The District's investments were held as follows at September 30, 2019:

	<u>Amortized Cost</u>	<u>Credit Risk</u>	<u>Maturities</u>
First American Treasury Obligation Class Z	\$ 1,247,292	S&P AAAM	Average of the fund portfolio: 26 days
US Bank Mmkt 5 - Ct	<u>16,228,362</u>	Not applicable	Not applicable
Total Investments	<u>\$ 17,475,654</u>		

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

Credit risk – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Interest rate risk – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

However, the Bond Indenture limits the type of investments held using unspent proceeds.

Fair Value Measurement – When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- *Level 1:* Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- *Level 2:* Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- *Level 3:* Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. Accordingly, the District's investments have been reported at amortized cost above.

NOTE 4 – RESTRICTED ASSETS

Restricted assets include investments which are restricted in connection with the Bond requirements discussed in Note 6. The composition of restricted assets at September 30, 2019 was as follows:

Restricted for:	
Renewal and replacement	\$ 3,765,170
Payment of bond principal and interest	212,712
Revenue fund	402,043
Operating reserve	1,247,292

During the current fiscal year, \$546,892 of infrastructure assets was contributed to the District by the Builder, Pulte Homes, and \$1,068,806 was contributed to the District by the Developer, On Top of the World, LLC.

NOTE 6 – LONG-TERM LIABILITIES

Series 2011

In October 2011, the District issued \$38,970,000 in Series 2011 Water and Sewer Revenue Bonds. The Bonds are payable from pledged revenue which includes, without limitation, net revenue received by the District from the users of the water and sewer system and payments as defined in the Master Trust Indenture. The Bonds were issued to finance a portion of the purchase price for the acquisition of certain potable water and wastewater treatment facilities for the benefit of the District. The Bonds are due serially with interest rates from 2% to 4.5%. Interest is to be paid semiannually on each March 1st and September 1st. Principal on the Bonds is to be paid serially commencing September 1, 2012 through September 1, 2041.

The Series 2011 Bonds are subject to redemption at the option of the District prior to their maturity.

The Bond Indenture provides for a Surety Bond to be obtained in place of funding for 50% of the initial Debt Service Reserve Fund (the "Reserve Fund") or \$1,168,850. The Debt Service Reserve Fund Surety Bond constitutes a Debt Service Reserve Fund Insurance Policy under the Bond Indenture. The District has obtained the required bonding and is in compliance with the reserve requirement.

The Bond Indenture has certain restrictions and requirements relating principally to the procedures to be followed in the collection of pledged revenues and the application of the revenues to the various restricted accounts. The District is in compliance with the requirements of the Bond Indenture. See Note 4 – Restricted Assets for detail of various restricted accounts.

NOTE 7 – RELATED PARTY TRANSACTIONS

Water Treatment Plant Lease Agreement

The District leases water treatment plant #3 on an annual basis whose ownership includes a Developer affiliate. Lease payments are calculated each year based on a formula detailed in the lease agreement. According to terms of the lease agreement, in the event that the lessor exercise its option to make capital improvements to the leased property for renewal and replacement of existing leased property, then the annual base shall be increased in accordance with the terms of the agreement. Lease expense for the facility totaled \$669,840 for the fiscal year ended September 30, 2019.

License Agreement

On July 1, 2017, the District reentered into an agreement with the Developer whereby the District is licensed to dispose of bio-solids and effluent produced by the wastewater facility on certain property owned by the Developer. The original term of this agreement commenced on April 3, 1998 and shall continue until the expiration of the Developer's Department of Environmental Protection Permit, which may be renewed from time to time by the District, unless sooner terminated in accordance with the provisions set forth in the agreement. During the first year of the reentered agreement, the District will pay a monthly fee of \$4,200. Thereafter, the monthly fee will escalate based on an annual CPI adjustment. During the current fiscal year, the monthly fee was \$4,394.

Developer's Agreement

On May 18, 2010, the District and Developer entered into a new Standard Developer Agreement which replaced the 1994 Agreement. The Standard Developer Agreement states that the District will provide utility capacity for the Developer's properties on the same terms and conditions as other non-Developer builders.

Development Agreement

On September 29, 2005, the District entered into an agreement with the Builder, Pulte Homes. The details of the agreement grant and give the District exclusive right and privilege to construct, own, maintain, operate, and expand the utility service facilities in, under, upon, over and across the present and future streets, roads, easements, storm water retention areas, reserved utility sites and public places as provided and dedicated to utility or public use. On April 26, 2011, the Standard Developer Agreement was amended to reserve 3200 Equivalent Residential Connections ("ERC") of potable water capacity and 3200 ERCs of wastewater capacity, in addition to any former Standard Developer Agreement connections, for the Builder, upon payment of all applicable fees and charges.

Inter-local Agreement

On February 13, 2006, the District entered into an Inter-local Agreement with Indigo East Community Development District and Candler Hills East Community Development District where the District will issue Series 2006 Bonds – as discussed in Note 9. According to the terms of the agreements, the District will loan a part of the proceeds of the Bond issuance to Indigo East Community Development District and Candler Hills East Community Development District to finance the cost of the acquisition of the Developer's rights or interest in the Development Improvements, including the real property acquisitions and other related purposes, the terms of which are outlined in the Development Improvement Acquisition Agreement entered between the District and Indigo East Community Development District on May 4, 2006 and Candler Hills East Community Development District and the District also on May 4, 2006.

Office Space Lease Agreement

In October 2012, the District entered a five year lease agreement with the Developer for office space. In the prior fiscal year the lease term was extended for an additional five years. Lease payments are calculated each year based on a formula detailed in the lease agreement. Lease expense for the facility totaled \$78,105 for the fiscal year ended September 30, 2019.

Water and Wastewater Agreement

On May 18, 2010, the District entered an agreement with On Top of the World Central Owners Association ("Association") whereby the District will provide water and wastewater services to 2098 ERCs in exchange for user charges based on usage. Usage is determined by a protocol described in the agreement. Pursuant to this agreement, the Association remitted \$2,038,067 in user charges to the District for water and wastewater usage during the current year.

NOTE 8 – OTHER INFORMATION

In a prior fiscal year, Pulte Group began advancing funds for future water and wastewater capacity fees and meter installation fees. At September 30, 2019, Pulte Group was owed \$113,377 by the District for water and wastewater capacity fees and meter installation fees which were advanced.

NOTE 9 – CONDUIT DEBT

During a prior fiscal year, the District issued conduit debt of \$5,125,000 of Series 2016 Special Assessment Revenue Refunding Bonds in order to currently refund the outstanding Series 2006 Bonds. These Bonds are special limited obligations of the District, payable solely from and secured by pledged revenues to be collected by Indigo East Community Development District and Candler Hills East Community Development District. The Bonds do not constitute a debt or pledge of the faith and credit of the Bay Laurel Center Community Development District, and accordingly have not been reported in the accompanying financial statements. As of September 30, 2019, \$4,095,000 of the Bonds are outstanding.

NOTE 10 – RETIREMENT PLAN

The District maintains a defined contribution plan for employees who meet a certain pay requirement. The District makes a matching contribution of 25% for up to 6% of the total salaries of qualified participants. Total salaries of qualified participants for the fiscal year ended September 30, 2019 were approximately \$719,118. During the current fiscal year, the District contributed approximately \$6,485 on behalf of employees to the deferred compensation plan and employees contributed approximately \$27,777.

NOTE 11 – OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description

The District provides post-employment healthcare insurance coverage to eligible individuals pursuant to the requirements of State law.

Eligibility - Eligible individuals include all regular, full-time employees of the District who are eligible for retirement or disability benefits under the pension plan sponsored by the District. Under certain conditions, eligible individuals for healthcare coverage also include spouses and dependent children.

Explicit Benefit Cost Sharing – Retiree and Dependents - Retirees must pay 100% of the monthly premium as determined by the insurance carrier. The premium varies depending on whether the retiree elects single or spouse / family coverage.

Implicit Benefits - Employees are permitted to continue coverage under the plans offered by the District in retirement by paying 100% of the cost of the premium for the continued coverage. This arrangement creates an implicit cost and liability for the District because the premium charged for these retirees is the same as the premium charged for active employees, who are younger than retirees on average. Since the same premiums are charged to active employees and retirees, and the District is unable to obtain age-adjusted premium information for the retirees, GASB 75 requires the district to calculate age-adjusted premiums for the purpose of projecting future benefits for retirees.

Surviving Spouse Benefit - Surviving beneficiaries continue to receive access to the District's medical coverage after the death of the retired employee as long as they pay the required premiums

Post Employment Benefits - Currently, 0 retired employees receive health benefits from the District. Future retirees will contribute 100% for coverage.

The District recognizes the cost of providing health insurance annually as expenses in the Statement of Revenues, Expenses and Changes in Net Position as costs are incurred. For the year ended September 30, 2019, the District recognized \$0 for its share of insurance premiums for currently enrolled retirees.

Actuarial Assumptions

Significant actuarial assumptions used to calculate the total OPEB liability were as follows:

Measurement date	September 30, 2019
Actuarial valuation date	October 1, 2018
Actuarial assumptions:	
Discount Rate	3.58%
Salary increase	3.00% per year.
Mortality	Sex distinct rates set forth in the PUB-2010 Mortality Table using Scale MP-2017
Retirement	Retirement is assumed to occur at age 62 with 10 years of service or at age 65 otherwise. Retirees are assumed to not have any dependent children.
Coverage election	50% of eligible employees are assumed to elect medical coverage until age 65 upon retirement or disability in accordance with their current election as to spousal coverage.
Spousal age	Husbands are assumed to be 3 years older than wives

Changes

Since the prior measurement date, the discount rate was decreased from 3.64% per annum to 3.58% per annum. The implied monthly subsidy per individual at age 62 for the 2018/2019 fiscal year was increased from \$756 to \$800. The mortality basis was changed from the RP-2000 Combined Mortality Table with generational improvements in mortality using Scale BB to the PUB-2010 Mortality Table for general employees with generational improvements in mortality using Scale MP-2017.

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.58%) or 1-percentage-point higher (4.58%) than the current discount rate:

0.01 Decrease (2.58%)	Current Discount Rate (3.58%)	0.01 Increase (4.58%)
\$ 265,196	\$ 236,825	\$ 211,628

Sensitivity of the Net OPEB Liability Using Alternative Healthcare Cost Trend Rates

The following presents the net OPEB liability of the District, as well as what the District’s net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (7.5% decreasing to 6.5%) or 1-percentage-point higher (7.5% increasing to 8.5%) than the current healthcare cost trend rates:

1% Decrease 6.5%	Healthcare Cost Trend Rates - 7.5% Baseline	1% Increase 8.5%
\$ 220,141	\$ 236,825	\$ 285,262

OPEB Expense and Deferred Outflows of Resources Related to OPEB

For the year ended September 30, 2019, the District recognized OPEB expense of \$42,386. At September 30, 2019, the District reported deferred outflows of resources related to OPEB from the following sources:

Description	Deferred Outflows of Resources
Changes due to:	
Amortization payments	\$ (1,332)
Demographic gain/loss	5,630
Assumption changes	16,671
	<u>\$ 20,969</u>

Amounts reported as deferred outflows of resources will be recognized in OPEB expense as follows:

Year Ending September 30:	Amount
2020	\$ 1,332
2021	1,332
2022	1,332
2023	1,332
2024	1,332
Thereafter	14,309
	<u>\$ 20,969</u>

NOTE 12 – OPERATING LEASE

During the prior fiscal year, the District entered into a five year operating lease agreement with annual lease payments for a backhoe. Lease expense for the operating lease totaled \$10,620 for the fiscal year ended September 30, 2019.

NOTE 13 – MANAGEMENT COMPANY

The District has contracted with a management company to perform management advisory services, which include financial and accounting advisory services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, computer and other administrative costs.

NOTE 14 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. There were no settled claims during the past three years.

NOTE 15 – SUBSEQUENT EVENTS

Acceptance of Utility Systems

Subsequent to fiscal year end, the District accepted utility systems and other improvements valued at approximately \$496,137 from the Developer, On Top of the World Communities, Inc. and \$216,622 from the Developer, Pulte Homes.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
Bay Laurel Center Community Development District
Marion County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements of Bay Laurel Center Community Development District, Marion County, Florida ("District") as of and for the fiscal year ended September 30, 2019, and the related notes to the financial statements, which comprises the District's basic financial statements, and have issued our opinion thereon dated June 1, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE
REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY
RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

To the Board of Supervisors
Bay Laurel Center Community Development District
Marion County, Florida

We have examined Bay Laurel Center Community Development District, Marion County, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2019. Management is responsible for District's compliance with those requirements. Our responsibility is to express an opinion on District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2019.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Bay Laurel Center Community Development District, Marion County, Florida and is not intended to be and should not be used by anyone other than these specified parties.
